

# h-energy

For very active adult dogs

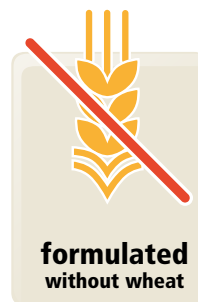

## benefits:

- Ratio of animal protein to total protein: **85%**
- Promotes muscle building thanks to the high content of animal protein
- Easily digestible thanks to the high proportion of poultry and fish
- Promotes skin and fur with brewers' yeast and lecithin
- Mannan oligosaccharides (MOS) from the cell walls of brewers' yeast promote healthy digestion and help to improve immunity
- Optimum protein and energy ratio (protein content 30%, fat content 20%) for very high activity levels

## composition:

Poultry protein, dried (30%); Maize; Poultry fat; Vegetable oil (palm, coconut); Fish meal from seafish (6%); Rice; Barley; Dried beet pulp, desugared; Brewers' yeast, dried (2.5%); Egg, dried; Carob pods, dried; Poultry liver, hydrolysed; Sodium chloride; Potassium chloride

**30** | **20**  
**%** | **%**  
**Protein** | **Fat**

**h-energy** 800g, 25kg

## product guarantee

- ✓ Made **without** wheat products.
- ✓ Made **without** soya products.
- ✓ No artificial colourings, flavourings or preservatives.
- ✓ Natural anti-oxidants

## feeding recommendation
